

Convenience + Care

On-Site Dialysis Center provides hemodialysis treatment within the comfort of a familiar environment. The advantage of on-site dialysis treatments allows for flexible scheduling, and puts less fatigue on the patient. Each dialysis treatment is fully coordinated with the entire medical team and lab, so that the whole patient is cared for at all times. We offer a variety of dialysis treatment options, where each patient can select the treatment modality that works best for their lifestyle.

Excellence + Care

We provide weekly services through our Partners in Excellence program including; Dr. MA Khan an Internal Medicine Specialist with over 27 years of experience. And, Dr. Muhammad Jilani a Physical Medicine and Rehabilitation Specialist with over 37 years of experience. In our dialysis suite we have local nephrologists that make rounds coordinating care.

Restorative + Care

Sub-Acute Rehabilitation

The Rehabilitation Program at Avista Nursing and Rehab is designed to restore patients to their healthy selves as quickly as possible. Our dedicated Sub Acute unit is located in a newly renovated wing, with all private rooms and private bathrooms. We assist patients in recovering from illness or surgery, with a full regimen of therapy services. Physical, Occupational and Speech Therapy are offered seven days a week, within our two brand new therapy gyms. Each gym is fully equipped with state of the art equipment to help our patients recover faster.

Our expert team of therapists utilizes the latest rehabilitation techniques to create an individualized care plan for each patient. When you're ready to go home, our caring staff will guide you every step of the way, with comprehensive discharge planning and post discharge follow up.

Community + Care

The owners and operators of Avista Nursing and Rehab live here too. As members of the community, we appreciate that we are serving our friends and neighbors. We walk the floors, visit with patients, talk to families and assist staff with meeting patient's needs. Our hands-on management approach keeps us in touch with every patient's experience. We ensure that each patient is treated with respect and dignity, and there is always someone to talk to, should any concerns arise.
